Model: CA-USBE-15CU-0018-BK

Manufacturer: LANBERG

EAN: 5901969434712

Product Code: 1185175

R564

The Lanberg USB extension cable is designed for efficient data transfer and connectivity, featuring a double shielded structure that enhances signal quality and reduces interference. With a transfer rate of up to 480 Mbps, this USB 2.0 compliant cable provides reliable performance for various devices and applications. Its durable plastic jacket and nickel plated connectors ensure longevity and optimal conductivity, making it a choice for extending the reach of your USB connections.

This extension cable incorporates AWG 24/28 copper conductors that facilitate smooth and quick data transmission, accommodating various devices with ease. Whether for connecting peripherals or extending your existing USB connections, the Lanberg USB extension cable offers dependable solutions for enhancing your workspace or home setup.
