Create anywhere, go everywhere

Function meets refined aesthetics

Every detail is meticulously thought out — from premium zippers to convenient features such as a hidden back pocket, luggage strap, and two dedicated compartments for 16- and 14-inch notebooks. An adjustable chest strap ensures stability while on the move, making ProArt Backpack perfect for work and travel.

Function meets refined aesthetics

Every detail is meticulously thought out — from premium zippers to convenient features such as a hidden back pocket, luggage strap, and two dedicated compartments for 16- and 14-inch notebooks. An adjustable chest strap ensures stability while on the move, making ProArt Backpack perfect for work and travel.

ProArt Backpack is made of scratch-proof PU polyester to provide unwavering protection for laptops, tablets and other valuables. A water-repellent coating on its outer surface keeps the elements at bay.

Thoughtful details

Thoughtful details make every journey easier — a secure key clip keeps keys within reach, while the water-repellent zipper offers reliable protection against the elements.

Travel with comfort and ease

Stay supported on the move with an adjustable chest strap for balanced weight distribution for all-day carrying comfort. Plus, a convenient luggage strap secures the backpack to a suitcase for effortless travel.

Numerous pockets for everyday essentials

The large internal compartment can accommodate 16- and 14-inch laptops, while additional pockets neatly store accessories such as a mouse, mouse pad, charger, and cables.

Laptop compartments

The two dedicated laptop compartments can accommodate a 16-inch and a 14-inch laptop.

Main compartment

The main compartment opens a full 180° for quick access to a camera bag and other devices.

Multiple interior pockets

Numerous interior pockets keep gear neatly organized.

Two side pockets

Two elastic pockets on either side are designed to keep water bottles firmly in place and within reach.

Three front pockets

Three front pockets keep small essentials like keys and access cards close at hand.

Hidden pockets

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Two concealed pockets keep valuable secure and out of sight.

Optimized space, effortless organization

Thoughtfully designed and featuring a padded compartment for up to a 16-inch laptop, ProArt Backpack perfectly balances spaciousness and form. Inside and out, the backpack ensures effortless access to gear, cameras, and cables when needed.
