R2,697

The DIGITUS mounting kit offers a versatile solution for both curved and flat panel displays, accommodating sizes up to 57 inches or 144.8 cm. Constructed from durable materials including plastic, aluminum, and steel, this mount ensures stability and long-lasting performance. With the ability to tilt from -75° to 75° and rotate between -90° to 90° , this mounting kit allows for customized viewing angles tailored to any setup. Designed with integrated cable management, this kit provides a clean and organized look for any workspace. Featuring adjustments for height, depth, tilt, rotation, and pivot, the DIGITUS mount ensures flexibility and ease of use. It is desk-mountable and has a maximum load weight of 27 kg, meeting compliant standards ensuring safety and reliability in any environment.
