

GIGABYTE B840M D3HP AM5 4xDDR5 4xSATA 2xM.2

Model: B840M D3HP

Manufacturer: GIGABYTE

Product Code: 1185956

R3,196

The GIGABYTE B840M D3HP motherboard is designed for users seeking a reliable and efficient foundation for their computer build. This micro ATX motherboard supports AMD Ryzen 7000, 8000, and 9000 Series processors, providing flexibility and power for various computing needs. It features a robust audio system with high-definition 8-channel audio output and offers multiple expansion slots, including four DIMM slots for DDR5 RAM, which can be overclocked to speeds up to 8200 MT/s. This versatility ensures that gamers and professionals can enjoy smooth multitasking and immersive experiences.

With a comprehensive selection of ports, including USB-C 3.2 Gen 1, USB 3.2 Gen 2, HDMI, and DisplayPort, connectivity is seamless for peripherals and displays. The GIGABYTE B840M D3HP also incorporates advanced hardware monitoring capabilities, allowing users to check system voltage, temperature, and fan speeds for optimized performance. Coupled with features such as Q-Flash Plus for easy BIOS updates and a thoughtfully designed thermal management system, this motherboard ensures system stability and reliability for various applications.
