The Lenovo ThinkPad T16 Gen 5 offers a 16-inch LED display with a native resolution of 1920 x 1200, providing visual clarity with an anti-glare feature and a high screen-to-body ratio. This notebook is powered by an Intel 8-core processor, ensuring efficient performance for various tasks. With 16 GB of LPDDR5X SDRAM and a 512 GB SSD, the device allows for rapid data access and multitasking. The Dolby Atmos-compliant audio system enhances sound quality, while the dual-array microphone supports clear communication, making it an ideal choice for remote work and meetings.

The machine is also equipped with advanced security features, including a fingerprint reader and discrete Trusted Platform Module (TPM 2.0) for data protection. It supports Wi-Fi 7 and Bluetooth 5.4,
