

DIGITUS USB Type-C - USB Type-C AOC Hybrid FO cable 4K 60Hz USB 3.1 SPEC 10m

Model: AK-330160-100-S

Manufacturer: ASSMANN ELECTRONIC

EAN: 4016032482611

Product Code: 1186333

R2,379

This active USB Type-C AOC AV Connection Cable is ideally suited for transferring uncompressed video and audio data with high bandwidth over longer distances. The hybrid construction, which uses copper and fiber optic cable, prevents electromagnetic interference. This ensures a loss-free transfer along the entire length of the cable with UHD resolution of up to 4K/60 Hz and bandwidths of up to 21.6 Gbps. The use of fiber optic cable keeps the diameter of this active cable very low and gives it a very tight bending radius and low weight. It is ideal for use in homes, meeting rooms, and conference rooms as well as within buildings - and these are just a few of the possible uses. Simply connect your notebook with a USB Type C output to a monitor with a USB Type C input. The simple Plug-and-Play installation is user-friendly; just plug it in and immediately enjoy optimal image quality. The adapter cable is unidirectional (USB Type C = input device, USB Type C = output device).
