

ICY BOX IB- 4013MCL-C4 4x Clone and Docking Station

Model: IB-4013MCL-C4

Manufacturer: RAIDSONIC

Product Code: 1186604

R5,433

The ICY BOX CloneStation IB-4013MCL-C4 is designed for efficient solid state drive duplication, allowing for seamless transfer of data with a duplication speed of 16 Gbit/s. It supports up to 4 M.2 drives with varying form factors including 2230, 2242, 2260, and 2280, enhancing versatility for diverse storage needs. This device is equipped with an aluminum housing for durability and features an active cooling system to maintain optimal performance during operation.

With a simple on/off switch, users can easily manage the duplication process. The USB-C cable and external power adapter facilitate convenient connectivity, while the built-in LED panel provides clear status indications for effortless monitoring of the cloning procedure. The ICY BOX CloneStation is a solution for those seeking a reliable way to handle multiple SSDs.
