The Logitech Spotlight 2 is a versatile presentation remote control designed for seamless interaction during your presentations. Its sleek design and haptic feedback provide a comfortable and engaging experience, whether for a business meeting or a classroom setting. With support for both notebooks and personal computers, this remote ensures compatibility across devices, enhancing your presentation with a built-in laser pointer for precise highlighting of key points. The rechargeable lithium-ion battery offers convenience, while Bluetooth and 2.4 GHz wireless technology enable smooth connectivity from up to 30 m away.
