The Logitech Mobi Fold for Business offers a versatile and efficient solution for professionals on the go. Designed with both wireless Bluetooth 5.0 LE and 2.4 GHz connectivity options, this mouse pairs easily with up to three devices, ensuring seamless transitions between tasks. Its foldable design makes it portable, while the rechargeable lithium polymer battery provides long-lasting use with a capacity of 100 mAh. The adaptive touch mode and Touch Scroll feature enhance usability, allowing for quick navigation without the noise of traditional clicks thanks to Quiet Clicks technology. With a movement resolution of up to 4000 DPI, it offers precision and performance for all types of work environments, from the office to remote setups. Constructed from 36% recycled post-consumer plastic, the Mobi Fold meets performance standards and aligns with environmental considerations, making it a responsible choice for eco-conscious users.
