The DIGITUS video/audio extender kit offers a comprehensive solution for extending your HDMI and USB-C connections wirelessly over distances up to 30 m. Designed to support 4K video resolution at a 30 Hz V-Sync rate, it ensures high-quality visuals for presentations, movies, and more. The inclusion of HDMI and USB-C ports on both the transmitter and receiver makes it compatible with a wide range of devices, providing flexibility for various setups. Security is paramount, with 128-bit AES, WPA2-Enterprise, and WPA2-PSK encryption algorithms safeguarding your transmissions. Additionally, the device's durable ABS housing and compliance with key standards like DisplayPort 1.2 and HDCP 2.2 ensure reliability and longevity. Whether for professional presentations or enhancing your home entertainment system, this extender kit delivers both performance and peace of mind.
