Whole-Home Wi-Fi Coverage

300Mbps Wi-Fi Range Extender

MW300RE

Provide Solution for Wi-Fi Dead Zones Elimination

Tired of Wi-Fi dead zones? The MW300RE eliminates them by wirelessly connecting to your router, strengthening and expanding its signal into areas it can’t on its own. It also reduces signal interference to ensure reliable Wi-Fi coverage throughout your home or office.

Easy Use Beyond Imagination

Press the WPS button on your router and the MW300RE, respectively, you can connect to the network in seconds. Once connected, you can simply unplug the range extender from one location

and plug it back into another for the best signal quality and coverage in your home, without needing to configure the extender again.

Smart Signal Indicator

A multicolor LED helps you to find the right location to deliver the best Wi-Fi extension.

Incredible Capability

MW300RE could work with almost any Wi-Fi router.

MIMO Technology Power Wi-Fi Quality

The MW300RE is different with ordinary range extenders. With MIMO technology, the MW300RE helps to enhance your network by dramatically increasing wireless speeds. What’s more, its three external antennas ensure that a stable wireless signal reaches you where you need it most.

- Range Extender mode boosts wireless signal to previously unreachable or hard-to-wire areas flawlessly
- Three external antennas with MIMO technology help set the MW300RE apart from ordinary range extenders
- Easily expand wireless coverage at easy two-touch setup or a push of WPS button
- Miniature size and wall-mounted design make it easy to deploy and move flexibly
- The multicolor LED helps you to find the right location to deliver the best Wi-Fi extension
