Discover the perfect blend of design and performance with the SanDisk 12 TB external hard drive. Designed for professionals and enthusiasts who demand high-capacity storage and fast data transfer speeds, this hard drive features a robust aluminum construction, ensuring durability and style. With a capacity of 12 TB, it offers ample space for all your storage needs, from high-resolution images and 4K videos to extensive software libraries. The USB 3.2 Gen 2 interface provides rapid data transfer speeds of up to 10.0 Gbps, making file transfers and backups quicker and more efficient.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
