Product Code: 1217758

R1,655

Everyday bumps and drops are no problem for the Targus Safe Fit™ Protective Case, that’s great in a school setting and in an office. With military grade protection from drops up to 1.2 metres and innovative features like shock-absorbing protective corners that flex for a perfect fit, this case keeps your 7 or 8.5" tablet free of minor scratches and dings.

The smooth grip, non-slip interior lets you enjoy an infinite array of viewing angles, or folds to provide an ergonomic typing angle. The unique design gives you easy access to device controls and ports; while camera and sensor cutouts let you get the shot — even when the case is on. All together, these features make the Targus Safe Fit case the best fit for our tablets.
