Product Code: 1217830

R2,401

The Orvaldi AM-1000LCD is a reliable external UPS designed to protect your devices from power interruptions. Featuring line interactive technology, this unit provides a stable output of 600 W with a capacity of 1000 VA, ensuring your electronics continue to function seamlessly during outages. With a recharge time of 8 hours, it's ready to serve when needed. The LCD display offers clear visibility of the power status, while the built-in audible alarm alerts users to any issues. This UPS also supports Automatic Voltage Regulation (AVR) for consistent voltage levels and includes short-circuit and overload protection to ensure safety.

Operating within a range of 0 to 40°C and tolerating humidity levels of 0 to 90%, the AM-1000LCD is built for diverse environments. Its sound emission of only 40 dB allows for quiet operation, making it
