

ACT USB-C adapter cable to 2.5" SATA HDD/SSD

Model: AC1525

Manufacturer: ACT

EAN: 8716065489743

Product Code: 1219293

R1,216

Use the AC1525 USB-C 3.2 to 2.5 inch SATA Adapter Cable to connect a SSD/HDD to your computer for data migration, drive cloning and data backup applications. The adapter cable has UASP support and is USB powered.

Perfect for data migration, drive cloning and data backup applications

Connect a 2.5 inch solid state drive or hard disk drive to your computer/laptop with the AC1525 USB 3.2 Gen 1 (USB 3.0) to SATA Adapter Cable. Swapping hard drives, data migration, drive cloning and running back up applications never was so easy. Besides, you don't have to mount the hard drive into an enclosure first.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

USAP support for higher data transfer

The AC1525 USB 3.2 Gen1 to SATA Adapter Cable supports UASP (USB Attached SCSI-Protocol) which ensures high data transfer. The Adapter Cable is USB powered so no external power supply is needed.

The AC1525 USB 3.2 Gen1 to SATA Adapter Cable is backwards compatible with USB 3.1, USB 3.0 and USB 2.0.
