

De'Longhi Eco MultiClean DLSC550 Coffee makers 250 ml

Model: DLSC550

Manufacturer: DELONGHI

EAN: 8004399333307

Product Code: 1221188

R820

Simple and effective cleaning solution to help remove milk deposits on traditional milk frothing and automatic milk frothing system components.

If your milk jug is spluttering, or if someone has forgotten to press the clean button immediately after use, you can quickly clean and sanitise the jug by adding 10ml of milk cleaner to the jug, and 90ml of water, and delivering the solution into a cup or jug by pressing the milk delivery button. Your milk jug will be restored to optimal use once again.

The milk clean solution is useful when doing your monthly machine clean - you will notice a marked improvement in milk delivery. Add a little of the solution to a cloth to remove milk deposits on the machine, leaving a bright, clean shine.
