Puluz 45m Waterproof Case for iPhone for Underwater Photos and Videos (White)

The PULUZ PU9010W waterproof case is a practical accessory designed for underwater photography and videography with a smartphone, allowing you to safely submerge your device to a depth of up to 45 meters (147 ft). Thanks to its airtight, fully sealed design, it effectively protects your phone from water, dust, dirt, scratches, and mechanical damage, making it ideal for diving, snorkeling, surfing, cruises, or winter sports.

Convenient controls and additional mounting options

The case is made of durable, corrosion-resistant polycarbonate (PC), ensuring longevity even in demanding conditions. The transparent design guarantees a clear view, and the built-in control buttons allow for convenient operation of the camera underwater, including taking photos and recording videos. An additional cold shoe interface and a standard 1/4-inch thread allow for mounting accessories such as lights or mounts.

Wide compatibility with iPhone

The PU9010W model is compatible with a wide range of iPhone models (14, 13, 12, 11, X/XS, XR, 8/7, 6s, and SE series) running iOS 13.0 or later. The case supports touchscreen operation underwater (under standard conditions up to approximately 30 m), though at greater depths, screen sensitivity may be limited by pressure. The maximum recommended operating temperature is 40°C.

Included:

- Waterproof case × 1
- User manual × 1
- Lanyard × 1
- Red filter × 1
- Cleaning cloth × 1
- O-ring seal × 1
