An ultrafast connection that can't be beat

The TUF Gaming H3 Wireless headset is designed to provide incredible freedom with a 2.4 GHz wireless connection. With 50 mm ASUS Essence drivers, an airtight chamber design and virtual 7.1 surround sound, TUF Gaming H3 Wireless upgrades your in-game audio experiences by delivering wonderfully rich, immersive sound. The headset also features a lightweight design, ASUS fast-cooling ear cushions and a stainless-steel headband, which provide comfort and durability for gamers who play or stream for extended periods of time.

Ultralow-Latency Wireless Performance

Traditional wireless headsets may have latency or unstable connections, but TUF Gaming H3 Wireless rises above the rest with 2.4 GHz wireless technology. This enables connections with lower latency than Bluetooth headsets, resulting in near-real-time audio transmission.

Listen Longer and Roam Farther

The extended battery life on TUF Gaming H3 Wireless enables casual gamers to enjoy at least 8 days of gameplay or music on a single charge, and hardcore gamers can enjoy over 15 hours of nonstop action. Plus, improved coverage of up to 25 meters lets you walk freely or leave your seat during halftime without losing your audio signal.

Incredibly Deep Bass & Crystal-Clear Detail

Exclusive airtight chambers and ASUS Essence drivers

TUF Gaming H3 Wireless headset has inherited the most iconic features of ASUS gaming headsets, including exclusive airtight chambers and 50 mm ASUS Essence drivers for clearer audio with strong bass to immerse you in natural-sounding gaming experiences.

7.1 Virtual Surround Sound

Virtual 7.1 surround sound technology provides an upgraded level of audio precision that will give you a competitive edge during gameplay.

Instant Control at Your Fingertips

TUF Gaming H3 Wireless comes with handy physical controls on the ear cup, so it's easy to adjust volume, mute or unmute the microphone, or switch the headphones on and off.

Lightweight Comfort

Weighing only 307 grams, the lightweight construction of TUF Gaming H3 Wireless headset is designed to keep you comfortable during extended gaming sessions.

ASUS Fast-Cooling Ear Cushions

itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

TUF Gaming H3 Wireless headset utilizes ASUS fast-cooling ear cushions that consist of 100% protein leather and fast-cooling memory foam to deliver ultimate comfort.

Long-Lasting Durability

Stainless-steel headband

To withstand the rigors of intense gaming, the headband on TUF Gaming H3 Wireless headset is made of stainless steel. For improved comfort, the headband is designed to provide 20% less clamping force than other headsets.

Certifiably Clear Communication

TUF Gaming H3 Wireless headset includes a unidirectional boom microphone that's tuned for clear voice communication and certified by TeamSpeak and Discord. Intuitive control buttons on the ear cup let you instantly control volume or mute the microphone.

Full Compatibility with PCs, PlayStation 5, Nintendo Switch and Mobile Phones

With TUF Gaming H3 Wireless, you don't need another headset for console gaming—because it provides truly comprehensive cross-platform support, including for PCs, PlayStation® 5, Nintendo Switch™ and mobile phones.

Armoury Crate

Armoury Crate is a software utility designed to give you centralized control of supported gaming products, making it easy to tune the look and feel of your system. Armoury Crate also allows you to customize user profiles, map keys, record macros and even track hardware stats during gameplay. Additionally, you can use Armoury Crate to manage your product registrations, keep up to date with ASUS news feeds and stay in touch with the ASUS gaming community.
