

Acer Nitro Soundbar 510

Model: GP.SPK11.00K

Manufacturer: ACER

EAN: 4711474858887

Product Code: 1239088

R2,330

Hear every footstep, feel every blast—level up your setup with the ultimate sound of Nitro.

Angled Sound Field

Engineered with a sleek, upward-firing design, the Nitro soundbar doesn't just play audio—it projects it. By angling the drivers toward your ears, it creates a focused, immersive soundstage that puts you right in the center of the action. Whether you're tracking distant footsteps or feeling the rumble of a cinematic explosion, the Nitro delivers crystalclear precision that cuts through the noise and keeps your head in the game.

Dual Speakers & Bass Radiator

Don't let its compact frame fool you—the Nitro soundbar packs a serious punch with dual 10W speakers designed for high-performance gaming. This 20W total output delivers a rich, balanced stereo field that brings every soundtrack and sound effect to life with surprising depth.

RGB Lightning & Multi-Mode

Set the mood for victory with integrated dynamic RGB lightingthat syncs with your energy and transforms your desk into a high-tech battle station. Beyond the visuals, the Nitro speaker offers
