

QOLTEC Pure Sine Wave UPS Emergency Power Supply 1kVA 800W AVR LCD

Model: 52640

Manufacturer: QOLTEC

EAN: 5901878526409

Product Code: 1245484

R3,998

The Qoltec Pure Sine Wave UPS ensures reliable power protection with its advanced features. Designed for external use, this uninterruptible power supply device provides a solid 800 watt capacity and operates at a voltage of 12 V. With an output capacity of 1000 VA, this UPS is equipped with two power output connectors for versatile usage. The device includes a built-in LCD for easy monitoring of performance, and features such as AVR, overload protection, overheat protection, and short-circuit protection. Two batteries are included for operational reliability during unexpected power outages.
