The XPF360.ARGB is a 3-pack of 120mm PWM ARGB fans. The advanced daisy chain design allows for seamless fan-to-fan connection via a pin-to-pin locking mechanism, greatly simplifying installation and optimizing cable management for a particularly tidy LED system.

The seamless Infinity Mirror design creates vivid, high-density, multi-layered lighting effects with flawless mirror reflections for an impressive visual experience.

At the same time, the hydro-bearing technology ensures a long service life and virtually silent operation, even under continuous load, thanks to minimal friction and vibration.

Daisy-Chain Design

The integrated daisy-chain connection simplifies installation and significantly reduces cable congestion, providing a tidy and efficient cable management solution.
