Connect To The World Safely With a Webcam Cover

No matter you’re learning, working or cooking at home, you can connect to the world with a built-in webcam which brings you the best video chatting quality and you can cover the webcam anytime to prevent any concern you have.
You can also remove the webcam cover anytime if you want.

When a sound is heard, it automatically recognizes and separates vocal sound from background noises; hence, filtering out all the unwanted Noise.

Anti-Flicker With Eye-Care Technology

Thanks to MSI’s Anti-Flicker technology, it eliminates flickering and effectively reduces eye fatigue caused by prolonged screen time while enhancing the productivity at home or in the office.

Less Blue Light Technology

The Less Blue Light Mode filters visual exposure to the blue spectrum light caused by daily use scenarios and brings the most comfortable viewing experience for users.

Anti-Glare Panel Reduces Eyestrain

Reflected light or glare can be very fatiguing to the eyes and reduces the contrast, colors and sharpness of the display. An anti-glare display makes viewing the display more pleasant and reduces eyestrain for users.

See More, Do More At Home

Thanks to MSI’s Instant Display Technology, Modern AM242 series can also be used as a monitor without booting up its system. When devices are connected to the HDMI-in port, the screen will be turned on immediately.

With the Storage Rapid Upgrade Design, maintaining or upgrading your 2.5” storage on Modern AM242 series will not be a nightmare any more.

Opportunity To The World for Your E-Commerce At Home

It is indispensable to have a stable data & information platform for your growing E-commerce/ M-commerce at home.

Work From Home with IPS Grade Panel

Modern AM242 Series is equipped with IPS Grade Panel which not only instantly optimizes the screen colors and brightness , but also ensures that you have the best E-commerce management experience while working from home or learning its professional tasks at home.

Secure Your E-Commerce Data At Home & In The Office

FW TPM (Trusted Platform Module) technology is designed to provide hardware-based, security-related functions. You can store your sensitive data & passwords by encryption keys for advanced security.

Cool & Silence Your World Even You Didn’t Notice It

Modern AM242 Series is equipped with Silent Pro Cooling System. Part of this system is a Server Grade Thermal Module that handles the cooling of different components within the system. Besides that we put the most important key components on the top side so warm air can easily move out and we separate the air flow to make sure the system's temperature stays perfectly under control for a cool and silent operation.
Just enjoy the Silent, Stable & Professional Experience.

Successful & Stylish B2B projects

Over the past years, MSI has successfully supported Countless of commercial projects, including government tenders, restaurant & hotel facilitation, shopping mall navigation projects, school & university developments and professional office projects.
