Pump up the power

Charge up to three devices at once with the Avala 20.000 mAh Powerbank. With an airplane-safe design, 20W PD USB-C port, and two extra USB-A ports, you'll have fast charging wherever you are – whether that's on your commute or 30,000 feet in the air.

In the know

The Avala's bright LED display shows exactly how much battery you've got left (0-100%), while a green light signals fast charging. Plus, this powerbank comes with a handy 30cm USB-C cable so you're always ready to top up.
