R676

Ugreen USB Power Delivery 3.0 Quick Charge 4.0+ 20w 3A charger

- Intelligent charger with a European connector and support for fast charging Power Delivery 3.0 and Quick Charge 4.0 . Compact gadget equipped with a USB Type C PD port. Perfect for renewing the energy of mobile devices such as smartphones, tablets or even laptops.
- Instant energy renewal - Thanks to the instant 20w PD charge, your equipment can regain its full power up to several times faster than with standard chargers.
- High-quality materials - Made of fireproof PC, resistant to falls and excessive heating.
- Intelligent chip - The accessory has an intelligent management system that adjusts the optimal voltage to the specific equipment. Your device will get exactly the amount of current it needs to recover in the shortest possible time, without the risk of damaging the battery.
- Several levels of protection - Among other things, against overcharging, overheating and short circuits. Complete protection of both the accessory and the devices being charged.
- Wide range of supply voltage - The voltage range of 100 - 240V allows for trouble-free use of the
