IMMERSIVE PANORAMIC DESIGN

The MC-3TLITE stands out with its three tempered glass panels that offer a continuous, uninterrupted view of the interior, turning your setup into a true gaming showcase. Perfect for highlighting illuminated components and creating an immersive visual experience in a tidy, compact chassis.

ADVANCED COOLING. MAXIMUM PERFORMANCE

Equipped with a 120 mm FRGB fan with FDB bearings and support for up to 7 fans, this case ensures optimal airflow. It also supports liquid cooling systems up to 240 mm* and CPU coolers up to 158 mm, keeping temperatures stable even under heavy load.
*Maximum dimensions: 278 × 120 × 52 mm.

DUAL-CHAMBER STRUCTURE

Its internal dual-chamber design separates the power supply and storage from the rest of the system, improving organization, easing installation, and promoting a cleaner, more direct airflow.

LARGE INTERNAL CAPACITY

With a MicroATX format, the MC-3TLITE offers the capacity to install high-end hardware. From large graphics cards and multiple storage units (1 × 3.5″ HDD + 2 × 2.5″ SSD / 3 × 3.5″ HDD) to 240 mm liquid cooling systems, this compact case is perfect for those who want power without sacrificing space.

FULL CONNECTIVITY

It includes USB 3.0, USB 2.0, and HD audio ports, offering quick and easy access to your peripherals and accessories. A case ready for both demanding gaming and everyday professional use.
