

ASUS ROG- EQUALIZER 0.75 m

Model: 90YE00BN-B0QA00

Manufacturer: ASUS

EAN: 4711636451680

Product Code: 1248969

R1,852

Balanced Power Delivery

ROG Equalizer ensures balanced current delivery from PSU to ROG Equalizer, lowering graphics card connector temperatures and maintaining stable thermal performance below the 105°C material limit.

Under an extreme test scenario, we removed the middle 4 wires from the +12V cable to simulate potential current imbalance conditions that may occur with a standard 12V-2x6 PCIe cable. Even under these conditions, the ROG Equalizer maintained a temperature of approximately 73.4°C. In contrast, a standard 12V-2x6 PCIe cable reached around 146°C—far exceeding safe operating limits.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
