

Tacens Anima APTII500P power supply unit 500 W 24-pin ATX TFX Black

Model: TACANIMA-APTII500P-TFX

Manufacturer: TACENS

EAN: 8435693112372

Product Code: 1250647

R1,006

APTII500P 500W TFX Power Supply

The APTII500P is an ultra-compact 500W TFX power supply designed to deliver maximum energy efficiency in small form factor systems. Equipped with advanced SMD technology, optimized flat cabling for improved airflow and clean installation, and multiple electrical protection systems, it combines performance and reliability with a sleek, uniform black finish that seamlessly blends into any professional or gaming setup.

Ultra-Compact TFX Design

The APTII500P is engineered for compact systems where every centimeter matters. Its TFX form factor ensures perfect integration into small cases without compromising performance, delivering maximum efficiency in minimal space. The all-black finish reinforces a clean, technical aesthetic ideal for professional setups and workstations.

Optimized 500W Power Output

Delivering 500 watts of reliable power, the APTII500P ensures stable performance even under demanding configurations. Perfect for multitasking systems, media centers, or professional builds requiring consistent and efficient power delivery.

Advanced SMD Technology & Safety Protections

Built with SMD (Surface-Mounted Device) technology, the APTII500P enhances system durability, reduces energy consumption, and improves thermal efficiency. It also includes multiple protection systems — OPP, OVP, UVP, and SCP — to ensure safe operation against overloads, overvoltages, undervoltages, and short circuits.

Optimized Flat Cabling

Its flat cable design ensures easy routing and a tidy build, while improving internal airflow to help maintain optimal system temperatures. The right balance between practicality, aesthetics, and performance.
