R2,791

ANMITE A140W04 14" Portable Monitor

The ANMITE portable monitor features a 14-inch IPS screen with a resolution of 1920 × 1200 and a 16:10 aspect ratio, providing a larger workspace and a crisp image. With a 60 Hz refresh rate, 280 cd/m² brightness, 178° viewing angles, and 100% sRGB color coverage, this monitor is ideal for work, watching movies, and gaming. With two USB-C ports, a Mini HDMI port, a slim 1.2 cm-thick chassis, and a weight of just 0.6 kg, you can conveniently use it with your laptop, smartphone, game consoles, and many other devices—both at home and on the go.

More space for work and entertainment

The monitor works perfectly as a secondary screen for your laptop, allowing you to work comfortably on two displays at the same time. You can extend your desktop or use mirror mode, which makes

multitasking easier. A resolution of 1920 × 1200, a 16:10 aspect ratio, and an IPS LED panel ensure a crisp image, accurate color reproduction, and comfortable viewing of content from various angles.

Wide compatibility with many devices

The model is equipped with two USB-C ports, a Mini HDMI connector, and a 3.5 mm audio output, allowing you to connect it to a wide variety of devices. The monitor works with laptops, desktop computers, smartphones equipped with a USB-C connector, Nintendo Switch consoles, PS4, PS5, Xbox One, Android TV devices, Mini PCs, TV Boxes, cameras, and Raspberry Pi. The Nintendo Switch can be connected directly to the monitor without using a docking station.

Convenient Single-Cable Connection

For USB-C-compatible devices, the monitor allows video transmission using a single cable. This solution lets you quickly set up a second screen or expand your workspace without complicated setup. The monitor also supports phones equipped with a full-featured USB-C port, allowing you to display content on a larger screen.

Clear Image and Rich Colors

The IPS LED panel offers a resolution of 1920 × 1200, a brightness of 280 cd/m², and wide viewing angles of 178°, ensuring the image remains clear regardless of the user's position. The monitor supports HDR technology and provides 100% sRGB color space coverage, which translates to natural color reproduction while working, watching movies, or gaming.

Built-in Speakers and Convenient Connectors

The monitor is equipped with built-in stereo speakers that allow you to play audio without having to connect external audio devices. Additionally, a 3.5 mm headphone jack is available, allowing you to connect headphones or speakers according to your needs.

Lightweight design and wall-mounting capability
