Product Code: 1250756

R2,949

ANMITE A160W03H 16" Portable Monitor

The ANMITE A160W03H portable monitor is a 16-inch model with an IPS panel and a resolution of 1920 × 1200, combining high image quality with a portable design. A refresh rate of up to 144 Hz via USB-C and a 1 ms response time ensure smooth image display while working, watching movies, and gaming. The slim chassis, just 1.3 cm thick and weighing 0.81 kg, makes it easy to transport, while the wide 178° viewing angles and 300 cd/m² brightness allow for comfortable use of the monitor in various conditions.

Smooth Image and Comfortable Viewing

The IPS LED panel offers natural colors and wide 178° viewing angles, ensuring the image remains clear regardless of the user's position. The 1920 × 1200 resolution provides a larger workspace than

Full HD, making it easier to work with documents, browse the web, or use multiple windows simultaneously. The monitor supports refresh rates of up to 144 Hz via USB-C and up to 120 Hz via mini HDMI, ensuring a smooth display for both everyday tasks and fast-paced games.

A lightweight design ready for use anywhere

The ANMITE A160W03H was designed with mobility in mind. It weighs just 0.81 kg and measures 35.5 × 23.7 × 1.3 cm, so it fits easily into a bag or backpack. The built-in stand allows for tilt adjustment of up to 180°, letting you comfortably adjust the screen's position to suit your workspace. The flat rear panel with 7.5 × 7.5 cm mounting holes also allows for installation on a VESA-compatible mount.

Wide compatibility and convenient connectivity

The monitor is equipped with two USB-C ports, a mini HDMI connector, and a 3.5 mm audio output, allowing you to easily connect a wide variety of devices. It works with smartphones, laptops, desktop computers, tablets, Nintendo Switch consoles, PS4, PS5, Xbox, and Android TV Box devices. The USB-C connection enables direct connectivity with compatible smartphones, supports Huawei EMUI PC and Samsung DeX modes, allows the use of a keyboard and mouse, and supports reverse charging for your phone. The monitor can also serve as a secondary screen for a laptop, making office work, business trips, watching live streams, and gaming easier.

Built-in Speakers and Stable Performance

The ANMITE A160W03H model is equipped with two built-in stereo speakers that deliver balanced sound and immersive 3D audio. For proper operation, the manufacturer recommends using a Power Delivery adapter with a power output of at least 30 W, especially for monitors with a diagonal of 16 inches or larger. Such a power supply helps prevent issues with image brightness, screen flickering, or unstable performance, and adequate USB-C port performance on your computer or smartphone allows you to take full advantage of the monitor's capabilities.

Included in the package

- Monitor ×1
