R2,731

ANMITE A160W04 16" Portable Monitor

The ANMITE A160W04 portable monitor features a 16-inch IPS panel with a resolution of 1920 × 1200 and a 16:10 aspect ratio, providing more workspace than standard screens. 100% sRGB color gamut coverage ensures accurate color reproduction, and wide 178° viewing angles allow for comfortable use of the monitor from various perspectives. With a slim design just 1.2 cm thick, a weight of 0.81 kg, and a built-in adjustable stand, this monitor is perfect for work, entertainment, design, and gaming—both at home and on the go.

An image full of detail and natural colors

The IPS LED-backlit panel offers a resolution of 1920 × 1200, a brightness of 280 cd/m², and a refresh rate of 60 Hz, ensuring a clear and smooth image. The 16:10 aspect ratio increases the

workspace, making it easier to work with documents, applications, and multimedia simultaneously. 100% sRGB color gamut coverage lets you enjoy vivid and accurately rendered colors while watching movies, designing, and in everyday use.

Wide compatibility with many devices

The monitor can be connected to laptops, desktop computers, smartphones, the Nintendo Switch, and the PlayStation 5. It features a mini HDMI port, a USB-C port for data transfer, and a dedicated USB-C port for power. Depending on the connected device, the monitor can operate using a single USB-C cable or a mini HDMI connection with an additional power source. The manufacturer recommends using a PD power adapter with a minimum output of 30 W if you experience screen flickering, insufficient brightness, or a black screen.

Convenient Use and Portability

The ANMITE A160W04 is equipped with a built-in stand that allows you to position the monitor in both landscape and portrait orientations and adjust the tilt angle up to 90°. The flat back of the housing, featuring VESA 75 × 75 mm mounting holes, also allows the monitor to be mounted on a stand or wall. The slim ABS plastic housing, narrow bezels, and compact dimensions of 35.5 × 24 × 1.2 cm mean the monitor fits easily into a bag and serves as a convenient secondary screen while traveling.

More possibilities thanks to additional features

When connected to a compatible smartphone, the monitor can serve as a large work screen, supporting modes such as Huawei EMUI PC and Samsung DeX, with the option to use an external keyboard and mouse. It also works perfectly as an extended display for a laptop, allowing you to work comfortably on two screens without any lag. The device can be powered by power banks and USB chargers and supports reverse charging for connected devices.

User Comfort and Comprehensive Features

The monitor is equipped with two built-in stereo speakers that deliver rich, clear sound with a 3D surround effect, as well as a 3.5 mm audio jack for connecting headphones. The side edge features
