ANMITE A160W04H 16" Portable Monitor

The ANMITE A160W04H portable monitor is a versatile solution for gamers, mobile workers, and users who want to comfortably expand their workspace. The 16-inch IPS display, with a resolution of 1920 × 1200 and a 16:10 aspect ratio, provides a larger workspace, while a refresh rate of up to 165 Hz and a response time of 1 ms guarantee smooth visuals and quick response during gaming and when watching dynamic video content. The slim chassis, just 1.2 cm thick and weighing 0.81 kg, means the monitor fits easily into a bag or backpack, so you can use the extra screen virtually anywhere.

Smooth Images and Wide Viewing Angles

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The IPS LED-backlit panel offers a brightness of 300 cd/m² and wide viewing angles of 178°, ensuring the image remains clear and sharp no matter where you're sitting. A refresh rate of up to 165 Hz when connected via USB-C and up to 120 Hz via HDMI ensures smooth display of animations and dynamic scenes. It's an excellent choice for gaming, everyday work, watching movies, or live streams.

Seamless connectivity with laptops, phones, and consoles

The ANMITE A160W04H works with a wide range of devices equipped with USB-C or HDMI ports. You can connect laptops, desktop computers, smartphones, tablets, Nintendo Switch, PS4, PS5, Xbox One, and Android TV Box consoles to it. The USB-C connection enables lag-free screen extension, and compatibility with Huawei EMUI PC and Samsung DeX modes allows you to instantly transform a compatible smartphone into a workstation with support for an external keyboard and mouse. The monitor also supports reverse charging for your phone.

A portable design tailored for everyday use

The monitor features a slim and lightweight design made of ABS plastic. The housing measures 35.5 × 24 × 1.2 cm, and the adjustable stand allows you to position the screen at various angles up to 90°, making it easy to adjust the display to suit your work or entertainment needs. An additional advantage is its compatibility with the VESA 75 × 75 mm standard, allowing the monitor to be mounted on a compatible wall or desk mount.

Extensive Connectivity and Convenient Device Connection

The A160W04H model is equipped with a Mini HDMI port, a USB-C port for video output, a separate USB-C port for power, and a 3.5 mm audio jack. Built-in buttons allow you to conveniently control the monitor's settings without the need for additional software. The manufacturer recommends using a Power Delivery adapter with a power output of at least 30 W, especially when using higher screen brightness levels or with devices that require additional power.

A Complete, Ready-to-Use Kit

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The monitor is equipped with built-in stereo speakers that deliver immersive 3D sound and balanced audio, allowing you to comfortably watch movies, host online meetings, or play games without having to connect external speakers. The package includes all the essential cables needed to get started, allowing you to quickly connect the monitor to compatible devices and use the additional screen right out of the box.

Included

- Monitor x1
- HDMI to Mini HDMI cable x1
- USB-C 3.1 to USB-C 3.1 signal cable x1
- USB-A to USB-C power cable x1
- User manual x1
