Product Code: 1250761

R4,604

ANMITE A215W03 21.5" Portable Monitor

The ANMITE portable monitor with a 21.5-inch IPS screen combines Full HD 1920 × 1080 resolution, a 120 Hz refresh rate, and 100% sRGB color gamut, ensuring a crisp image and smooth content display. With 300 cd/m² brightness, wide 178° viewing angles, and a narrow bezel, this monitor is ideal for work, gaming, watching movies, and design. Additional benefits include an expandable split-screen feature and a slim design with a built-in foldable stand.

Smooth Images and Accurate Colors

The IPS LED-backlit panel ensures natural color reproduction thanks to 100% sRGB coverage, while Full HD resolution guarantees a high level of detail. The 120 Hz refresh rate translates to smoother visuals during fast-paced games, movies, and everyday work. With a brightness of 300 cd/m² and

178° viewing angles, you can comfortably use the monitor from various positions without losing image quality.

Wide compatibility with many devices

The monitor works with laptops, desktop computers, smartphones, tablets, and consoles such as the PS4, PS5, Xbox, and Nintendo Switch. The Nintendo Switch can be connected directly to the monitor without a dock, while also taking advantage of reverse charging. When a compatible smartphone is connected via USB-C, the monitor supports Huawei EMUI PC and Samsung DeX modes, allowing for convenient work on a large screen using a keyboard and mouse.

Convenient connectivity and a wide range of ports

The model is equipped with two USB-C ports, a Mini HDMI port, a 3.5 mm audio output, and intuitive control buttons with a menu dial. For devices with a full-function USB-C port, a single USB-C cable is sufficient for simultaneous video transmission and power delivery. For devices using HDMI, the manufacturer recommends using a Power Delivery adapter with a power output of over 30 W to ensure adequate brightness and stable monitor operation.

Slim design ready for use anywhere

The ABS plastic housing features a slim profile ranging from 0.6 to 1.3 cm in thickness and a lightweight design at 1.64 kg, making the monitor easy to carry and use in various locations. The rear features a foldable stand that allows you to adjust the screen to the desired angle, while the carbon-fiber-like texture gives the design a modern look. The built-in stereo speakers deliver clear and balanced sound, making the monitor ready for work and entertainment without the need for additional audio equipment.

Included
