EAN: 6920233423589

Product Code: 1250762

R5,182

ANMITE A238W03 23.8" Portable Monitor

The ANMITE A238W03 is a portable monitor with a 23.8-inch Full HD (1920 × 1080) IPS screen, a 120 Hz refresh rate, and 100% sRGB color gamut coverage, making it ideal for both work and entertainment. With a brightness of 300 cd/m², wide 178° viewing angles, and a slim design just 1.3 cm thick, it ensures a comfortable user experience at home, in the office, and on the go. The built-in adjustable stand, VESA compatibility, and a wide range of ports allow you to conveniently adapt the monitor to various workstations.

More Workspace and Smoother Entertainment

An additional screen significantly enhances the convenience of your daily work, allowing you to use multiple applications simultaneously, conduct video conferences, edit documents, or design. Full HD

resolution combined with a 120 Hz refresh rate ensures smooth visuals while gaming, watching movies, and during everyday use. The IPS panel with 100% sRGB coverage faithfully reproduces colors, ensuring that displayed content is detailed and natural.

Wide compatibility with many devices

The monitor works with laptops, PCs, smartphones, and the Nintendo Switch and PlayStation 5 consoles. It supports Huawei EMUI PC and Samsung DeX modes, allowing a compatible smartphone to function as a computer when connected to the large screen. The monitor also supports reverse charging for mobile devices. Users have access to a mini HDMI port, a USB-C port for data transfer, a USB-C port for power, and a 3.5 mm audio output, allowing them to connect devices without using a docking station.

Portable Design and Convenient Use

The A238W03 model features an integrated, foldable stand with a tilt angle adjustable up to 180°, making it easy to position the screen in a comfortable angle. Slim bezels, an ABS plastic housing with a carbon-fiber-like texture, and a portable design make it easy to transport and use on a daily basis. The monitor also supports VESA 75 × 75 mm mounting, allowing you to mount it on a wall or monitor arm.

Built-in Speakers and Flexible Power Options

The ANMITE A238W03 features two built-in stereo speakers that deliver clear and immersive sound. The monitor can be powered in several ways, including via a USB power adapter or a power bank. The manufacturer recommends using a USB-C Power Delivery adapter with a power output of at least 30 W, especially for monitors with a screen size larger than 16 inches. Using the appropriate power source helps prevent issues with image brightness, screen flickering, or a black screen.

Included

- Monitor x1
- HDMI to Mini HDMI cable x1
- USB-C 3.1 to USB-C 3.1 cable x1
