Patch cable, outdoor, Cat.6A, S/FTP, black, 30 m" from LogiLink Professional

LogiLink outdoor patch cables are specially designed for use in unprotected, harsh environments, but are not suitable for underground installation. The durable polyethylene (PE) jacket provides reliable protection against the effects of weather and UV radiation. The cables are still flexible and easy to install. When used in conjunction with the LogiLink NP0080 Patch Cable Connector, waterproof and rugged outdoor connections can be created. Ideal for outdoor video surveillance applications.
