Patch cable Ultraflex, Cat.6A, S/FTP, purple, 3 m" from LogiLink Professional

The certified LogiLink Cat.6A patch cable is ideal for data transfers up to 10 Gigabit Ethernet and transfer frequencies up to 500 MHz. The jacket is halogen-free and flame retardant, the copper wires are shielded in pairs, the overall shield is made of copper braid. The shielded RJ45 plugs come with an overmoulded slim strain relief and snagless design.
