The Lanberg rack offers a robust solution for organizing and managing your equipment. With a height of 15 rack units and a 19" rack size, it efficiently accommodates your devices while supporting a weight limit of 800 kg. Crafted from tempered-glass and high-grade cold rolled steel, this cabinet ensures durability and style, complemented by a powder coat finish that enhances resilience. Included are essential components like adjustable vertical mounting rails, perforated doors for airflow, and a variety of cable management options. The rack features built-in cooling with four fans, providing optimal ventilation. Accessibility is maximized with multiple cable entry panels and a secure locking system for the front and rear doors, enhancing safety and tidiness in your setup.
