AMZCHEF CE-FS-I72S-FFDD07 4-Zone Induction Cooktop

AMZCHEF CE-FS-I72S-FFDD07 is a modern 60-cm-wide built-in model equipped with 4 cooking zones, including a flexible Flex Zone that allows two zones to be combined into a single larger cooking surface. The appliance offers a total power output of 7200 W, intuitive touch controls, a Boost function to speed up heating, and a Pause function that allows you to pause and resume cooking. The ceramic glass surface gives the cooktop a modern look, and the built-in safety features enhance safety during everyday use.

Flexible heating zone adapted to various cookware

The cooktop is equipped with four independent induction zones that can be used simultaneously when preparing different dishes. An additional advantage is the flexible Flex Zone, which allows you

to combine two zones into a single larger cooking surface. This solution is ideal for using large skillets, roasting pans, and cookware with non-standard shapes, providing greater freedom while cooking.

Boost Function for Faster Meal Preparation

Each cooking zone is equipped with a Boost function that temporarily increases heating power. This allows you to boil water faster, preheat a pan, or prepare dishes that require intense heating. Shorter preheating times let you tackle your daily kitchen tasks more efficiently.

Pause and full control over cooking

The practical Pause function allows you to temporarily stop the cooktop and then resume cooking with the previous settings intact. This is a convenient solution when you need to step away from meal preparation for a moment without having to reset the settings.

Intuitive touch controls

The easy-to-read touch panel ensures convenient operation of all the appliance's functions. Sensitive touch sensors let you quickly adjust power settings and activate additional functions. The simple and intuitive interface makes using the cooktop a breeze for both experienced users and those just starting out with induction cooktops.

Durable ceramic-glass surface

The cooktop features a black ceramic-glass surface that withstands high temperatures and daily use well. The smooth surface makes it easy to remove dirt and helps keep the appliance clean. As a result, the cooktop retains its attractive appearance even with regular use.

Safety Every Day

The AMZCHEF CE-FS-I72S-FFDD07 model is equipped with a range of features that enhance safety during use. A timer lets you control cooking times, an overheat protection feature monitors the appliance's operation, and an auto-shutoff function helps prevent unnecessary energy consumption.
