ARZOPA Z1C 16.1" Portable Monitor (Gray)

The ARZOPA Z1C 16.1" portable monitor is a lightweight and slim solution for people who need additional workspace at home, in the office, or while traveling. It features a 16.1-inch Full HD IPS screen (1920 × 1080 px) with a 60 Hz refresh rate, 300 cd/m² brightness, 1000:1 contrast ratio, HDR10 support, and 106% sRGB coverage. The gray aluminum alloy chassis is just 9.3 mm thick, and the entire monitor weighs only 780 g, with dimensions of 366 × 228 × 9.3 mm, making it easy to fit into most laptop bags. Two USB-C ports with DisplayPort and Power Delivery support, along with a mini HDMI connector, allow for quick connection to laptops, computers, smartphones, and consoles such as the PS5, Xbox, Nintendo Switch, or Steam Deck.

Clear Image for Everyday Use

The 16.1-inch IPS panel offers wide viewing angles, ensuring the image remains clear regardless of your position in front of the screen. Full HD resolution works well for working on documents, —

browsing the web, studying, watching movies, or gaming. The 60 Hz refresh rate ensures smooth image display, enhancing comfort when scrolling through web pages, using apps, and gaming. A brightness of 300 cd/m² and a contrast ratio of 1000:1 ensure good readability in most rooms, while HDR10 support enhances the viewing experience for compatible video content.

A lightweight design built for mobility

The ARZOPA Z1C was designed for users who frequently work outside the office or want a second screen always at their fingertips. The aluminum casing increases the device's durability while keeping its weight at just 780 g. With a thickness of only 9.3 mm, the monitor easily fits next to a laptop in a backpack or bag. Additionally, its dimensions of 366 × 228 mm make it easy to determine whether it will fit into your case or bag, which is important when traveling frequently.

Wide Compatibility with Many Devices

The monitor can serve as a secondary screen for a laptop, desktop computer, smartphone, or tablet. Thanks to two USB-C ports and a mini HDMI connector, connecting devices is quick and convenient. The model is also compatible with PlayStation 5, Xbox, Nintendo Switch, and Steam Deck consoles, making it ideal for both work and entertainment. Its universal compatibility allows you to use a single monitor in many different scenarios without needing multiple displays.

Built-in Stand and Convenient Screen Adjustment

The monitor features an integrated, adjustable stand that allows you to position the screen in either landscape or portrait orientation. With adjustable tilt, it's easier to adapt the monitor's position to your workspace and personal preferences. Portrait mode is ideal for viewing documents, programming, or reading long web pages, while landscape mode is more comfortable for multitasking and watching movies. This solution enhances the comfort of everyday use without the need to purchase additional accessories.

Natural Colors and Comfort for Everyday Use

106% sRGB color gamut coverage and the display of 16.7 million colors ensure a vivid and visually pleasing image during everyday use. These specifications work well for watching movies, amateur

photo editing, or creating presentations. However, the monitor is not intended for professional applications involving precise graphic design or print material processing, where more advanced panels and factory color calibration are required.

Built-in Speakers for Basic Use

The ARZOPA Z1C features two built-in 2 × 1 W speakers. They provide sufficient sound for video conferencing, watching movies, presentations, or basic multimedia use without the need to connect external speakers. For those looking for a more powerful sound or deeper bass, headphones or a dedicated audio system are a better option. This allows users to tailor their listening experience to their needs.

Ready to use right out of the box

The package includes all the essential accessories needed to get started with the monitor. The manufacturer includes two USB-C cables, an HDMI-to-mini-HDMI cable, and a user manual. This allows you to quickly connect the monitor to most compatible devices without having to purchase additional cables. This practical solution lets you start working or enjoying entertainment almost immediately after unboxing.

Included in the box

- ARZOPA Z1C 16.1" Portable Monitor (gray)
- USB-C to USB-C cable x 2
- HDMI to mini-HDMI cable
- User manual
