collaboration with professional styling specialists for customized looks in a wide variety of styles.

2-in-1 performance and efficiency

Offering the perfect solution for gorgeous results in a hurry, one easy-to-use tool dries and shapes at the same time, for a quicker and easier daily routine that saves time without sacrificing looks.

Three brushes to cover all hair types

One versatile tool covers all hair types, with three brushes specially designed with professionals to produce tailor-made styling results: one brush for thin/flat hair, another for thick/dense hair, and a third for bangs and improved fluidity down to the last detail.

Style Assist program

Discover intuitive controls and easy-to-master settings, with outstanding styling programs that adjust automatically the temperature and the speed rotation to put your exact desired results within reach.

PRO KERATIN bristles

PRO KERATIN bristles produce up to 58% more shine than when left to dry naturally,* for total styling and all-natural care that leaves hair smooth and silky with a burst of shine.

Ionic generator

The ionic generator reduces static electricity and frizz for smooth and manageable hair enhanced with radiant shine.

Compact and ergonomic

Experience pure convenience and ease, with a styling tool designed to make your everyday care routine more comfortable and enjoyable.

The Rowenta Ultimate Experience rotating brush

Putting the full hairdresser experience at your fingertips, the Rowenta Ultimate Experience rotating brush is an exceptional styling tool that offers salon-level quality at home. The advanced Style Assist mode does the work for you, with automatic adjustment of settings for bespoke results styled to perfection: volume from roots to tip, silky smooth hair, and long-lasting shine. This compact 2-in-1

rotating hot air brush styles and shapes as it dries, with three expert brushes developed in
