Freewell Filter Set for Insta360 Luna Ultra All Day (8 pcs.)

The Freewell All Day Filter Set for the Insta360 Luna Ultra was designed for creators who want to maintain full control over exposure in all lighting conditions. The set includes 8 carefully selected filters—ND8, ND16, ND32, ND64, and their corresponding ND/PL hybrid filters. This combination allows you to easily adapt the filters to changing light conditions, from morning shots to late-afternoon footage.

Seamless filter switching and even better image quality

ND filters effectively reduce the amount of light reaching the lens, making it easier to achieve the right exposure times, while the ND/PL models additionally reduce glare and reflections, enhancing

contrast and color saturation. The quick-mount system allows for instant filter changes and precise alignment, so you can respond efficiently to changing conditions while filming.

Lightweight Design Without Compromise

Freewell’s design, which has virtually no impact on the kit’s weight, is engineered not to interfere with the camera’s operation. The filters maintain smooth image tracking and the precision of automatic calibration, allowing you to enjoy stable device performance and high-quality recordings without additional accessories affecting its performance.
