The KAB031-100 is a high-performance S/FTP CAT6a raw network cable, designed to deliver exceptional data transfer speeds and reliable connectivity. This 100-meter grey cable is constructed with shielded foiled twisted pairs (S/FTP), providing superior protection against electromagnetic interference and ensuring optimal signal integrity. The LSZH (Low Smoke Zero Halogen) jacket makes it ideal for installations where safety is paramount, as it minimizes the release of harmful substances in the event of a fire. Built with MicroConnect's commitment to quality and European standards, this CAT6a cable offers a dependable solution for demanding network environments, supporting bandwidth-intensive applications with ease. Benefit from our 20+ years of expertise with this pioneering connectivity solution.
