

Epson TM-J7700(301) W/O MICR, BLACK, INC PSU, EU

Model: C31CF70301

Manufacturer: EPSON

EAN: 8715946639062

Product Code: 1256755

R21,582

Faster, better inkjet technology

Inkjet technology means that not only are printouts more detailed (600dpi compared to 180dpi for existing models), they’re around twice as fast too, with a print speed of 100mm/s (23.2lps) compared to 43mm/s (13.5lps) for previous models.

Low TCO

Epson has managed to incorporate inkjet technology into this new model while retaining a similar low total cost of ownership to previous dot matrix printers.

Simple maintenance

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The ink cartridges have an easy-install design ideal for busy retail counters, as well as drop-in paper roll for quick loading, and the ink formulation used offers better water and light resistance than dot matrix, so receipts and documents will last longer.

Backwards compatible

To make upgrading from existing models incredibly easy, the TM-J7700 is fully backwards-compatible with the TM-J7500 and has exactly the same footprint, so it can simply be swapped in. However, to integrate smoothly with the latest ePOS systems, the model offers both USB and Ethernet connection options.
