Delivers the quality your creativity deserves

Capture razor-sharp detail and control depth of field for genuine portraits without digital mimicry – even in low light – thanks to the high resolution 24.2 megapixel APS-C sized sensor.

Focuses faster than you

Whether you're shooting still or moving people, animals or vehicles, the EOS R50 instinctively detects and tracks your subject thanks to the Dual Pixel CMOS Auto Focus II.

Bring your storyboards to life in 4K

Transform your filmmaking with UHD 4K 30p video oversampled from 6K. Expand your creativity in the edit by cropping and zooming while retaining Full HD resolution. For a more cinematic perspective, slow down your subject by 4 times.

Fast yet silent

Continuous high-speed silent shooting² at up to 15 fps with electronic shutter – or at 12 fps with a mechanical shutter – so you catch every moment.

Works with your smartphone

Break boundaries, not your flow. The EOS R50 effortlessly connects to smart devices³ via Bluetooth® and Wi-Fi, so it's easy to share photos and upload to your followers. Control the camera remotely with the Canon Camera Connect app for alternative viewpoints.

Paired for all-round photography

This kit comes with the RF-S 18-150mm F3.5-6.3 IS STM lens. This all-round, versatile lens packs a high zoom range that covers wide to telephoto, perfect for travel, sports, wildlife and even macro.

Built for creators

The EOS R50 can effortlessly switch from stills to video, offer incredible 4K video and colour, and seamlessly import footage to your mobile for instant social media content
