

Powerbank EcoFlow RAPID Pro X 27650 300W

Model: EF-RP27KGEEK-EU

Manufacturer: ECOFLOW

EAN: 4895251646673

Product Code: 1274862

R5,950

EcoFlow RAPID Pro X 27650 300W Powerbank

The EcoFlow RAPID Pro is a powerbank designed for users who need a reliable power source for work and travel. With a capacity of 27,650 mAh (99.54 Wh), the product is airline-friendly and easily fits into the side pocket of a backpack. Despite its small size, it offers tremendous charging capabilities - from a smartphone to a laptop to a console.

Charge multiple devices simultaneously

The RAPID Pro allows you to charge as many as four devices simultaneously with a total power output of up to 300 watts, with one of the USB-C (Universal Serial Bus, a universal connector for data and power) outputs (C1) supporting fast charging of 140 watts. This will easily charge your laptop or other power-hungry equipment.

Fastest charging

Thanks to its innovative design and advanced features, the RAPID Pro reaches 80% charge in just 20 minutes (using Pogo Pin + USB-C with 320 watts of power). By comparison, it takes 40 minutes to charge through a single 140-watt port, and only 26 minutes through two ports (280 watts).

Full control

The powerbank offers an easy-to-read LCD screen (Liquid Crystal Display, Liquid Crystal Display) and integration with the EcoFlow App, which allows you to monitor battery status, set charge and temperature limits, and optimize battery performance. Battery Optimization mode extends the life of both the powerbank and connected devices.

Advanced security

The powerbank's X-Core (X-Core, EcoFlow's proprietary power management system) 3.0, combined with EcoFlow's X-Guard (X-Guard, EcoFlow's thermal and overload protection system), constantly monitors the powerbank's operation and automatically adjusts parameters to avoid overheating. The intelligent BMS (Battery Management System) and EMS (Energy Management System) respond up to 10 million times a day, ensuring complete safety of use.

Reliable even at low temperatures

X-VELO cells made with silicon and carbon multipole technology are characterized by high energy density and resistance to extreme conditions. The RAPID Pro can operate even at -20°C, making it an ideal choice also for field or cold climates.

Included

- EcoFlow RAPID Pro powerbank
- Flannel carrying case
- Module with cable
- User manual

Manufacturer	EcoFlow
Model	RAPID Pro X
Capacity	27,650 mAh / 99.54 Wh
Nominal voltage	25,2 V
Cells	Ternary Lithium (7S1P)
Cell type	104161
Life cycle	300 cycles to 80%
Total output power	Up to 300 watts (3x USB-C + 1 cable)
Single USB-C output (C1)	140 W (bidirectional)
C2/C3	65 W
Charging input	140 W (1 port): 0-80% in 40 min; 280 W (2 ports): 0-80% in 26 min; 320 W (USB-C + Pogo Pin): 0-80% in 20 min
Display	LCD
Mobile app	EcoFlow
Housing	Fireproof
Drop resistance	up to 1m
Waterproof	None
Operating temperature	Charging: 20°C - 30°C; Discharging: 0°C - 45°C; Storage: -10°C - 45°C
Dimensions	Powerbank: 56.51 × 63.95 × 151.98 mm; Module with cable: 23.5 × 55.72 × 64.03 mm.
Weight	Powerbank: 700 g; Module with cable: 92.2 g
Cable length	60 cm
Color	Silver

Color: silver, Charging power (W): 300, Pojemność akumulatora: 27650, Wireless charging: No, Information about data generation: <https://dataact.innpro.pl/EcoFlow/4895251646673>, GPSR Link: https://psr-assets.innpro.pl/energy/sg_energy_powerbanks.pdf, Gross weight: 1000, Box width: 8,00,
