GODOX 240F Lighting Stand

The Godox 240F lighting stand features a lightweight yet durable design made of high-quality aluminum, making it ideal for both studio and outdoor shoots. It offers height adjustment ranging from 68 to 240 cm, allowing you to easily adjust the lamp's position to suit the nature of the scene you're photographing or filming. With a maximum load capacity of 2 kg, you can safely use a wide variety of lightweight lighting equipment and accessories.

Convenient Adjustment and Stable Construction

The tripod is equipped with large knobs that allow for quick and comfortable height adjustment. Smooth-operating screws facilitate precise adjustment, ensuring a comfortable workflow even during frequent changes to the lighting setup. The rigid construction ensures high stability while remaining lightweight, making the tripod easy to carry and transport.

Versatile Mounting for Various Lights

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
