Driverless Dual 4K on Mac without the Thunderbolt 4 cost

This universal USB4/Thunderbolt dock lets IT teams deploy high-performance dual-display workstations with secure networking and simple, driverless setup.

Standardize Your Docking Strategy

Simplify mixed-device environments with a single USB4 docking station that works seamlessly across Mac and Windows. Native USB4 support on the latest MacBook Pro, MacBook Air, and business laptops makes it easier than ever to consolidate and eliminate compatibility gaps.

Dual 4K on Mac Without Compromise

Unlock true driverless dual 4K video on macOS without investing in costly Thunderbolt 4 docks. Deliver consistent multi-display performance across teams while maintaining the flexibility IT needs for modern deployments.

Built for Fast, Low-Touch Deployments

Reduce setup time and avoid OS-specific workarounds with plug-and-play performance. This dock helps minimize help desk tickets and ensures predictable behavior in hot-desking and shared workspace environments.

Performance That Scales With Your Workspace

Support demanding workflows with dual 4K 144Hz or single 8K 60Hz video, 2.5GbE network speeds, and 100W laptop charging through one connection. Enable advanced IT features like PXE Boot and Wake-on-LAN for easier remote management.

Designed for Real-World IT Environments

Integrated lock slots and VESA or surface mounting options deter theft and tampering. The included locking USB-C host cable prevents accidental disconnections, or lost and missing cables in hot-desk and meeting spaces. Keep critical systems connected, organized, and protected in high-traffic environments. This hub also features a housing made from 75% post-consumer recycled (PCR) plastic, and the product ships in FSC Mix packaging made from responsibly sourced materials to help align your IT infrastructure with your organization's sustainability goals.

Enhance Productivity and Device Management with the StarTech.com Connectivity Tools Application

Developed to improve performance and security, StarTech.com Connectivity Tools is the only software suite on the market that works with a wide range of IT connectivity accessories. The software suite includes:

• Advanced Window Layout Utility : To set up and save custom window layouts.

• MAC Address Pass-Through Utility : To improve network security.

• USB Event Monitoring Utility : To track and log connected USB devices.

• Wi-Fi Auto Switch Utility : Enabling users to quickly access faster network speeds via wired LAN.
