Gigabit Broadband Internet Access

All gigabit Ethernet ports allow you to take full advantage of your broadband speed up to 1 Gbps. Plug your PCs, smart TVs, and game consoles into one of the three gigabit ethernet LAN ports for fast, reliable wired connections.

WiFi Coverage Throughout Your Home

4 high-performance external antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates wireless signal strength towards them, especially for previously hard to reach outlets.

VPN Server: More Granular VPN Function Usage

When using the VPN Server function, external devices can access the VPN server, including remote desktops, NAS, printers, cameras, and other devices in the home network.

WPA3—New Level of Cyber Security

The latest Wi-Fi security protocol, WPA3, brings new capabilities to improve cybersecurity in personal networks. More secure encryption in Wi-Fi password safety and enhanced protection against brute-force attacks combine to safeguard your home Wi-Fi.

Flexibly Create Whole Home Mesh WiFi

If you have any dead zones at home, just add another Easymesh-Compatible router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

WiFi Dead Zone Killer
Eliminate weak signal areas with WiFi coverage for the whole house

Smart Roaming
Uninterrupted streaming when moving around your home
