

LANBERG PCF6- 10CC-0200-W Patchcord RJ45 cat.6 FTP 2m White

Model: PCF6-10CC-0200-W

Manufacturer: LANBERG

EAN: 5901969421163

Product Code: 1277869

R543

The Lanberg patch cable is designed to meet the needs of network environments with its quality construction and reliable performance. Utilizing foiled unshielded twisted pair (F/UTP) technology, this cable ensures efficient data transmission and reduces interference. Equipped with molded and snagless connectors, it provides durability and ease of installation for various setups. The cable meets ANSI/TIA/EIA 568-B standards, making it a suitable choice for modern networking requirements. The cable features copper-clad aluminum conductors and HDPE conductor insulation, ensuring stable performance and longevity. With support for frequencies up to 250 MHz and categorized as CAT 6, it can handle advanced networking tasks while delivering optimal speed. The aluminum foil shielding and drain wire enhance signal integrity and minimize loss, making it a solution for both home and office networks.
