

LANBERG patchcord cat.6A S/FTP LSZH CU 2m grey

Model: PCF6A-10CU-0200-S

Manufacturer: LANBERG

EAN: 5901969428728

Product Code: 1277881

R542

The Lanberg patch cable offers a reliable connection for demanding networking needs. With its S/FTP technology and aluminum-magnesium braid shielding, this cable minimizes interference for smoother data transmission. The halogen-free jacket made from Low Smoke Zero Halogen (LSZH) material ensures safety in environments requiring low emission of toxic fumes. Equipped with molded and snagless connectors, the cable withstands wear and tear while providing flexibility during installation. Its capabilities include a tested frequency of up to 500 MHz, making it suitable for high-speed applications, while the stranded conductors enhance durability and performance in various settings.
