

LANBERG

Patchcord Cat.6

UTP 0.25m

white 10-pack

Model: PCU6-20CC-0025-W

Manufacturer: LANBERG

EAN: 5901969435825

Product Code: 1277903

R653

The Lanberg CAT 6 patch cable is engineered for reliability and performance, providing a robust solution for networking needs. With a construction that features U/UTP technology and high-quality Copper-Clad Aluminium (CCA) plating, this cable ensures optimal signal transmission while maintaining flexibility. The HDPE insulation adds an extra layer of durability, making it suitable for both home and office environments. Equipped with snagless and booted connectors, this patch cable reduces potential damage during installation and connection. Compliant with various standards, including ISO/IEC 11801 Class D and RoHS directives, the Lanberg patch cable offers quality assurance. Tested for frequency up to 250 MHz, this cable can handle high-speed data transfer with ease, making it a valuable addition to any networking setup.
